

Johanna

BUILD IN 1892

The S/S Johanna was built in 1892 and is one of Norway's oldest ships still in use. She was among the largest and most handsome sloops during the Golden Era of lively fishing trade between Bergen and Northern Norway. For over 100 years, Johanna has served her three owners well as a freighter until we bought her in 1992. Johanna has been given a new rigging, a large deck and spacious saloons. We can serve up to 90 guests in the main dining area, and up to 40 guests in the bar area. This means S/S Johanna is a great choice for larger parties with a total capacity of 130 guests inside, and the same number of guests at tables outside.
